Radford, VA 24141-4099  
USA

Kollmorgen has reviewed the CE requirements for marking the KBM and CBM frameless series product lines. After review and consultation, it is determined that the KBM and CBM are part set and do not constitute a full motor until it is in the customer's final assembly. Since the relevant standards only apply to complete motors, Kollmorgen cannot apply the CE mark to the product.

## Product Identification

**Product:** KBM and CBM

**Series:** Kollmorgen KBM and CBM Frameless, Brushless Motor Part Set

**Models:** KBM and KBMS followed by -10, -14, -17, -25, -35, -43, -45, -57, -60, -79, -88, -118, -163, or -260, and followed by additional letters and/or numbers.  
CBM and CBMS followed by -10, -14, -17, -25, -35, -43, -45, -57, -60, -79, -88, -118, -163, or -260, and followed by additional letters and/or numbers.

## European Harmonized Standards

This product is designed to meet the following safety standard when properly installed in a final assembly:

**EN 60034-1:2010/AC:2010** Rotating Electrical Machines - Part 1: Rating and performance

CE mark is not applicable to the KBM/CBM part set.

These products comply with the RoHS Directive 2011/65/EC, including Commission Delegated Directive 2015/863 amending Annex II of 2011/65/EC, for installation in a machine.

These products comply with the Low Voltage Directive 2014/35/EU for installation in a machine. Safety depends upon installing and configuring the part set into a motor per the manufacturer's recommendations. The machine in which this product is to be installed must conform to the provisions of the EMC Directive 2014/30/EU. The installer is responsible for ensuring that the end product complies with the EMI requirements and all the relevant laws in the country where the equipment is installed.
